THEATRICAL AND OTHERWISE.

News and Comment of Stage Matters and Other Gossip.

Mande Adams has appeared more than seven hundred times in "The Little Minister."

Mrs. Leslie Carter will give her great production of "Zaza" at the Grand Opera house in Cincinnati next week.

The Midsommer Minstrel Company, of Winchester, will give a show in that city on March 16th. Saxton's band will furnish music for the performance.

John Fox, Jr., the author, delivered an address one evening last week before the Contemporary Club in Indianapolis. Mr. Fox was the guest of James Whitcomb Riley while in Indianapolis.

Manager Scott has booked the great play "The Children of the Geetto" for Friday and Saturday nights and Saturday matinee on March 16th and 17th. The cast is a large one, headed by Wilton Lackaye, who was the original Svengali in "Tribby."

Eleanor Duse's daughter has never seen her mother act, and her mother intends she never shall. She wants her daughter to be a cultured, thinking woman, but to keep off the stage. Lillian Russell's daughter is about 16 years old now, and is at school. She has talent, it is said, but her mother does not want her to adopt a stage career.

Mr. Creston Clarke and Miss Prince, supported by their company of players, gave an excellent production of "The Ragged Cavalier," at the opera house Thursday night, and won a firmer hold on the local theatre-goers. The absence of the orchestra was severely commented upon by many of the opera house patrons. Attractions like Creston Clarke certainly deserve an orchestra.

The crusade started in New York against the drama "Sapho" is attracting wide attention. In New York it has caused the arrest of Olga Nethersole, who is playing the piece, and the notoriety has resulted in the theatre being packed every night. The trial will occur this week. The play is certainly the most immoral drama now being acted in legitimate theatres. The "Sapho" crusade has also caused the book to be barred from the libraries in Louisville, Indianapolis, and other cities. In Philadelphia last week a book dealer was sentenced to one year's imprisonment for selling "Sapho." The Indianapolis library has also declared against Hardy's "Tess of the d'Urbervilles" and "Jude, the Obscure," and James Lane Allen's "Summer in Arcady." The book dealers, however, are making money off that class of the reading public that want such books.

C. F. Neagle, of Lexington, sold a fine team of mares to Griffin & Cunningham, of Detroit, for \$2,500. They could trot a mile in 2:25. One was by Gambetta Wilkes and the other by Nuthorst.

Woodford & Buckner's good colt Kentucky Farmer is a probable starter in the Kentucky Derby and the wire turfs figure that he has a chance to win that event. He started seven times as a two-year-old finishing first four times and second twice. Twenty-four colts are eligible to start in the Derby.

The Cruel Knife!

It is absolutely useless to expect a surgical operation to cure cancer, or any other blood disease. The cruelty of such treatment is illustrated in the alarming number of deaths which result from it. The disease is in the blood, and hence can not be cut out. Nine times out of ten the surgeon's knife only hastens death.

My son had a most malignant Cancer, for which the doctors said an operation was the only hope. The operation was a severe one, as it was necessary to cut down to the jaw bone and scrape it. Before a great while the Cancer returned, and began to grow rapidly. We gave him many remedies without relief, and finally, upon the advice of a friend, decided to try S. S. S. (Swift's Specific), and with the second bottle he began to improve. After twenty bottles had been taken, the Cancer disappeared entirely, and he was cured. The cure was a permanent one, for he is now seventeen years old, and has never had a sign of the dreadful disease to return.

MONEY IN TREASURY.

Twenty-Five Thousand Dollars Paid by Jefferson County.

No Clash Yet Between the Two Factions of the State Government, Although Both Are in Full Operation—The Contest Goes On.

Frankfort, Ky., March 3.—The two factions of the state government are proceeding each in full operation, but with nothing approaching a clash pending the litigation over the offices.

The treasury of the democratic faction of the government was replenished by payment into it of about \$25,000 from officials of Jefferson county. The democratic officials think that the example set by the Jefferson county officials will be followed by democratic officials in a majority of counties where they are in control, and that in a few days they will have enough money to pay current expenses.

The agreed case involving the contents over the office of governor and lieutenant governor is being argued at Louisville before Judge Field on a demurrer filed by Taylor's attorneys to the petition of Beckham.

The court of appeals, at its sitting here, entered an order postponing the argument docket till the spring term, which begins in April. The order of the chief justice does not give the reason for this action, but merely states that the judges will hold their consultations, at which cases will be decided as usual, and that the court will convene on the bench whenever the occasion demands it. In democratic circles it is said this action was taken by the court on account of stories that the lives of two of the judges had been threatened.

Louisville, Ky., March 3.—Argument in the cases involving the title to the offices of governor and lieutenant governor was begun before Judge Fields in the circuit court Friday. Counsel for Gov. Beckham, President Pro Tem Carter, and Gen. John B. Castleman, democrats, filed a demurrer and motion to strike out the answer and reply of W. S. Taylor and John Marshall, the republican incumbents, after which an order of argument was agreed upon, and Attorney David W. Fairleigh opened for the republicans.

Frankfort, Ky., March 3.—In the house Friday afternoon representatives Cantrell and Klair, democrats, came near being involved in a personal encounter on the floor. Only the intervention of a dozen members kept them apart. Cantrell, in his speech in behalf of Contestant Combs, from Madison county, claimed that the opponents of the McChord railroad bill were fighting against settling Combs because he was known to favor the bill. Klair denounced this charge as untrue. Whereupon Cantrell left his seat and attempted to strike Klair. Members rushed between them and the speaker declared the house adjourned amid great disorder. Klair later apologized, saying his remarks had been misunderstood and trouble was averted.

Frankfort, Ky., March 3.—The McChord railroad anti-extortion bill, which is on the house calendar, having already passed the senate, was an issue in all of the proceedings in that branch of the legislature, though the measure was not reported from the committee till late in the afternoon session.

At the morning session the house took up the contested election case of Stafford (rep.) vs. Lettelle (dem.), from Louisville, and after some debate adopted the minority report which allowed Lettelle to retain his seat. A strictly party vote was brought out in this case.

REV. JOHN HENNESSY DEAD.

The Archbishop of Dubuque Succumbs to a Third Stroke of Paralysis of the Brain Sunday.

Dubuque, Ia., March 5.—Most Rev. John Hennessy, first archbishop of Dubuque, died Sunday afternoon, aged 74 years. In March of last year the archbishop was stricken with partial paralysis of the brain. On February 11 last he was again stricken and Friday night was seized with another stroke. When Archbishop Ryan, of Philadelphia, arrived Sunday morning the sufferer showed signs of recognition, though unable to speak. He then began to sink and at 2 o'clock passed away quietly. The funeral will be held Thursday morning at 10 o'clock. Archbishop Ryan, of Philadelphia, will pronounce the eulogy.

Ex-President Cleveland's Illness. Princeton, N. J., March 4.—The reports of the illness of ex-President Grover Cleveland, according to his physician, have been exaggerated. He says Mr. Cleveland has had another attack of rheumatism which has lately confined him to his house. There is a feeling in Princeton, however, that Mr. Cleveland's health is not as robust as it was some months ago. The only information given out at the Cleveland house is that the ex-president is not seriously ill.

Hiding in the Mountains. Chattanooga, Tenn., March 2.—Detectives here have received a letter from Blairsville, Ga., stating that Wm. Jones, who murdered Chief of Police Fleming at Dalton, Ga., several months ago, is hiding in the mountains among relatives.

Trains Returning From Porto Rico. San Juan, Porto Rico, March 2.—Four troops of the 5th United States cavalry are under orders to return to the United States. Arrive troops are now being ordered to fill their places.

EARTHQUAKE SHOCKS.

Great Destruction of Property and Considerable Loss of Life in Southern Mexico.

Guadalajara, Mex., March 3.—The recent earthquakes throughout southern Mexico did much greater damage than was indicated by the earlier reports. News from remote coast and mountain towns has just reached Guadalajara, the stories of great destruction of property and considerable loss of life are told. The severe seismic shocks had a remarkable effect on the sea, causing it to roll inland, and covering the country for a distance of over one mile from the beach. This tidal inundation occurred three times in rapid succession, and every movable thing in its path was swept away.

A number of small coast villages were destroyed, and there was some loss of life, but no definite information has been received as to the number of persons drowned. This tidal inundation was most severe on the Pacific coast, extending from Acapulco to Manzanillo. Several of the mountain towns in the state of Michoacan suffered severely. The earthquake shocks destroyed a number of houses in the towns of Ostula, Coahuacan, Coahuacan, Aguilla and Pomaro. Five persons were caught under falling walls in Pomaro and killed.

PASSED THE HOUSE.

The Porto Rico Tariff Bill Becomes a Law—President Issues a Proclamation.

Washington, March 3.—The president sent a message to congress Friday recommending the appropriation of the monies which have been received for the customs from Porto Rico since the United States took possession under the treaty, to be used for general purposes for the benefit of the Porto Ricans. The sums, approximately, amount to \$2,000,000. The reading of the message was greeted with republican applause in the house, and Mr. Cannon asked unanimous consent for the immediate passage of a bill to carry out the recommendation. There was no objection, and it was agreed that there should be 20 minutes' debate on a side.

Mr. Cannon moved the previous question on the Porto Rican bill, and this prevailed on a standing vote, 143 to 119. A ye a and nay vote followed. Mr. Bailey's motion to commit the Porto Rican bill was lost, 133 to 149. The vote was taken by yeas and nays on the passage of the bill.

The Cannon Porto Rican bill passed the house by a vote of 162 to 107.

VETERINARY SERVICE.

An Effort Being Made to Have One Established in the Army—Senate Bill Introduced.

Washington, March 3.—Senator Kenney has introduced an amendment to the army appropriation bill providing for the appointment of a veterinary corps in the army. The amendment authorizes a chief veterinarian, with the rank of colonel; an assistant chief, with the rank of major; four veterinarians, with rank of captains; ten assistants, with rank of first lieutenants, and 20 assistants, with rank of second lieutenants.

Advocates of the bill claim that the United States stands alone in having no veterinary service. Gen. Miles, Gen. Merritt, Gen. Brooke and many other eminent officers endorse the measure.

Treaty Copies Delayed.

Washington, March 3.—It has been decided that the failure of the exchange copies of the Samoan arbitration treaty to reach Washington by next Wednesday shall not be permitted to prevent the consummation of the convention. Although the treaty requires the exchange to be effected by the 4th inst., it is now believed that the requirements can be fully met by the unique method of a telegraphic exchange.

Too Many Hangings in One Day.

New Iberia, La., March 3.—Reuben Cately and Hippolite Brown, Negroes, were hanged here for the murder of Martial Sorrel, a storekeeper, near Oliver, La., last August. Chas. Brown and Henry Green were principals in the murder and were also to have been hanged at the same time, but it was considered too big a job to hang all four at one time and Gov. Foster resented this two.

Eight Buildings Burned.

Vienna, Ill., March 3.—Fire destroyed a business block of eight buildings, entailing a loss of \$70,000. The principal losers were: W. E. Beal, opera house, \$14,000; The Fair, \$15,000; J. Rosenberg, store and residence, \$12,000; J. E. Hicks, store and stock, \$9,000; Michael Knachel, two buildings, \$7,000.

Fatal Fight on a Depot Platform. Youkum, Tex., March 3.—In a fight here on the depot platform C. W. Rauden had his throat cut, dying almost instantly, and J. L. Pickens was badly cut in both arms and on the body. Pickens is a train auditor on the San Antonio & Aransas Pass railway, with headquarters in San Antonio, where he has a family.

Flood Subsiding.

Philadelphia, March 3.—The flood situation in Central Pennsylvania and in the anthracite coal region which sections suffered greatly from swollen rivers and creeks caused by heavy rains and melting ice and snow, is considerably improved.

Murder Over a Match.

Atlanta, Ga., March 3.—Edward Brooks was shot and killed by W. L. Adkins in a Whitehall street saloon. The two clerks had some words over the refusal of Brooks to give his co-worker a 100 lb.

THE CUBAN SITUATION.

Natives Are Not Preparing for an Uprising as Expected.

Recommendations Made By Gen. Jas. H. Wilson, Military Governor of the Department of Matanzas—Santa Clara, in an Interview.

Matanzas, Cuba, March 5.—Gen. Jas. H. Wilson, military governor of the department of Matanzas-Santa Clara, in the course of an interview regarding Cuban affairs said:

"Trouble is absolutely out of the question. The future depends largely upon agricultural prosperity, and where work is plentiful wages are good and a country is prosperous no sensible man wishes to alter conditions.

"Any person who publishes reports representing the Cubans as preparing for a rising does so with malicious intent to misrepresent them or because he has been led to believe this by those who know better. The prospects of Cuba are very bright. If sugar goes to the United States free or nearly so, there will be such an influx of capital and of immigrants as would render Cuba one of the richest and most prosperous places in the world.

"The cattle industry yields enormous profits, particularly as respects working cattle, which can never be replaced by mules because the peculiar conditions are better adapted to cattle. Coffee, timber and fruit also offer great inducements to capitalists, and tobacco planting yields almost immediate returns.

"I do not consider that the immediate future of Cuba depends chiefly upon schools, road making, improved sanitation or judiciary reform, although of course these things are of very great importance. The best the United States can do for Cuba and the Cubans is to give every opportunity for improving the value of the land by putting it to the best uses. In this way capital could do an immense amount of good here, as well as get large returns. I suggest supplying cattle for working purposes on a time basis, accepting regular rates of interest, which should be about one per cent. a month. Cattle can be landed here at a cost of \$70 a yoke which, once here, would bring more than \$150.

"Large numbers of working cattle are required by reliable and hard working men who are anxious to obtain them. Were I man of 25, with energy and some capital, I should certainly look upon Cuba as one of the best places to accumulate wealth."

Gen. Wilson says he has investigated the reports that Mr. Drake, of Chicago, had been endeavoring to foment trouble, and has found these untrue. So far as he is able to judge Mr. Drake is an honorable man, who is in Cuba for a pleasure trip.

Stars and Stripes Torn Down.

Omaha, Neb., March 5.—One of the incidents of the heated municipal campaign which has just closed was the tearing down and destroying of an American flag and the substituting thereof of a red flag on a flag pole in Mayor Moore's yard some time Saturday night. Sunday morning the mayor was astounded to see the red cloth flying where erstwhile the stars and stripes floated. As the rope was cut, his honor had to call on the fire department to run up a ladder and take down the red cloth. He then ran up a brand-new American flag to the top of the mast. The work is supposed to have been done by political opponents.

Yvette Guilbert's Narrow Escape.

Paris, March 5.—Mlle. Yvette Guilbert narrowly escaped being burned while asleep in an invalid's chair. The curtains of her apartment in the Avenue de Villiers caught fire. Choked with smoke, she awakened and called for help, being unable to walk alone, as she is only now recovering from the effects of the recent operation for the extirpation of her right kidney. Alarmed by her cries, her attendants rushed in and removed her to a place of safety, after which the fire was extinguished.

Members of Parliament in a Wreck.

Toronto, Ont., March 4.—The Montreal express on the Canadian Pacific railway, due here at 7:30 a. m. Saturday, jumped the track between Ponty Pool and Hurkton, and bounded down a steep embankment, the coaches toppling over each other as they neared the bottom of the incline. The train was moving at a rapid rate of speed. There were a large number of passengers aboard, many being members of parliament on their way from Ottawa. Twenty-one persons were injured, none of them seriously.

Have Faith in the Canal.

Managua, Nicaragua, March 4.—The news of the remodeling of the Clayton-Bulwer treaty and of the revised form being sent to the senate of the United States has just reached Nicaragua. The people of this country now declare their faith in the early completion of the canal.

Fought With Axes.

Norfolk, Va., March 4.—As a result of a quarrel between their wives, Eary Gilmore, aged 60, and Stephen Shaw, aged 45, fought a duel with axes at their home in Northampton county. Gilmore split Shaw's head in twain. The murderer escaped.

A Launch Blows Up.

San Francisco, March 4.—A launch of the transport Hancock blew up at river dock Saturday, seriously injuring two of the crew. It is believed that her boilers had been allowed to run hot. The launch did not sink.

FIRST LAFAYETTE DOLLAR.

Robt. J. Thompson, Representing President McKinley, Presents It to President Loubet.

Paris, March 4.—Mr. Robert J. Thompson, secretary of the Lafayette monument commission, as special commissioner of the United States representing President McKinley and in his name presented to President Loubet Saturday morning the first of the Lafayette dollars, which was enclosed in a casket costing \$1,000. The presentation took place at the Elysee palace.

Mr. Thompson, accompanied by the United States ambassador, Gen. Horace Porter, drove from the embassy to the palace in the ambassador's carriage. On arriving at the Elysee at 11:45 a. m., they were received by M. Mellard, sub-director of the protocol, and Capt. Laguet, of the French navy, who was the officer on duty. The Americans were conducted to the president's cabinet (study), where M. Loubet was awaiting them. By his side were M. Delcasse, the minister of foreign affairs, and Gen. Baillaud, the chief of the president's military cabinet, several members of the president's military household were also present.

Gen. Porter introduced Mr. Thompson to President Loubet, and the presentation of the dollar was then made by Mr. Thompson in a few appropriate remarks.

FIRE ON THE BOWERY.

Five Persons Burned to Death and Three Injured in a New York Lodging House Blaze.

New York, March 5.—Five persons were burned to death and three were injured in a fire which occurred in a seven-story lodging house at 44 to 48 Bowery. The dead are: Charles Buttice, 40 years old; John Clark, 50 years old; Edward Doyle, 35 years old; Henry Jackson, colored, 35 years old, and one unidentified man about 30 years old.

Stephen Carney, 75 years old, was burned about the body, face and hands and removed to a hospital in a serious condition; Martin Gallagher, 55 years old, was burned about the face and hands and also removed to a hospital; Edward Walker, 47 years old, was burned, but after having his wound dressed remained at the lodging house.

All the bodies were taken to the morgue.

The damage to the building amounted to about \$2,000. The place was conducted by Dominico Milano, and was a cheap Bowery lodging house.

TO REFOREST A WATERSHED.

Attempt to Be Made to Prevent a Repetition of the Great Johnstown Flood of 1889.

Johnstown, Pa., March 4.—An attempt will soon be made to reforest a large portion of the Conemaugh watershed to prevent damage from freshets or a possible repetition of the Johnstown flood of 1889, when \$10,000,000 in property was carried away and nearly five thousand lives were lost. The region is peculiarly liable to freshets, owing to its geological character and the removal of its timber, and as soon as the weather permits, J. W. Tomney, government superintendent of tree planting, and another working plant expert of the government division of forestry will examine the region and decide on a plan of reforestation.

CITIZENS HELPLESS.

Fires in Spartanburg and Corry, Pa., Cause a Serious Loss to Those Towns.

Corry, Pa., March 5.—The tannery known as the Western Union tannery at Spartanburg, with contents, was destroyed by fire. With no means to fight the fire, the citizens had to stand helplessly by, watching the only industry of the town being destroyed. The loss is \$80,000, fully covered by insurance. A hot journal in the drying room is supposed to have caused the fire.

The Corry opera house, with its entire contents, was also destroyed by fire. The National hotel and the Corry steam laundry buildings were badly damaged. Loss on opera house, \$40,000, with small insurance. Other losses, \$5,000; insured.

Badly Beaten By a Burglar.

Norfolk, Va., March 5.—George W. Miller, a baker, and his wife were attacked by a burglar while asleep at their home in this city, and so seriously injured that it is feared one or both of them may die. He then took all the money in the house and escaped.

Strike Through Sympathy.

Chicago, March 5.—The union machinists of the Chicago, Lake Shore & Eastern shops, which are in the Illinois steel works yards, have declared a strike, and 125 of these men did not go to work. They are in sympathy with the steel works employees, and will not go back to work, they say, until their grievances are attended to.

Disseused Suffrage Legislation.

Washington, March 5.—An important conference of representative Afro-Americans was held here at which the testing of the suffrage law legislation of the southern states, especially Louisiana, was thoroughly discussed.

Insurance Agents Fell.

Chicago, March 5.—Nearly 30 agents of the Metropolitan Life Insurance Co. received injuries by the collapse of a small grand stand upon which they were being photographed and which fell a distance of ten feet.

LADYSMITH RELIEVED.

The Boers Raised the Siege and Retired to Winberg.

Lord Roberts Reports the Enemy in Force at Norval's Post Bridge—British Enter the Free State—The Latest War News.

London, March 1.—The war office has received the following dispatch from Gen. Buller:

"Lyttleton's Headquarters, March 1.—9:05 a. m.—Gen. Dundonald, with Natal carbiniers and composite regiments, entered Ladysmith last night."

"The country between me and Ladysmith is reported clear of the enemy. I am now moving on Nelthorpe."

London, March 3.—Lord Roberts, at Osfontein, six or eight miles east of Paardeberg, faces the reformed Boer army, from 5,000 to 6,000 strong. This may be merely a corps of observation, ready to retire on prepared positions. Doubtless it is receiving accretions from the late besiegers of Ladysmith and from other points. Whatever the force may be, Lord Roberts has ample troops to cope with it.

As a heavy rain is falling on the veldt, and the grass is improving, this will be a good thing temporarily for the Boers.

Lord Roberts has surprised observers by the excellence of his transport during the first advance, and he is likely to do so again, although military men here think he must wait for some days before going much farther. No adequate explanation is yet made of the 50,000 reinforcements that are preparing for Lord Roberts.

London, March 4.—President Kruger is said to have left Pretoria with the intention of meeting President Steyn. The place where they will meet is not mentioned, but it is believed to be somewhere in the Orange Free State. Those in South Africa who are conversant with the effect the recent reverses have had on the Boers express the opinion that the meeting of the two presidents is preliminary to a suggestion for peace. But if this is the case, it must be due to the pressure brought to bear upon the presidents by the burghers and Afrikaners in the British colonies rather than in the personal inclinations of the presidents, as all the available information depicts them as being as determined as ever to persist in the war until resources of the republics are much more enfeebled than they seem to be at present, although some significance is attached to the consultation in view of the reported visit to England of Chief Justice Deville, Mr. Hofmeyer and Dr. Twaeter, ostensibly on private business and for their health. But the closest observers do not anticipate any sudden cessation of hostilities, and, certainly, the reports from the theater of war do not tend to encourage the advocate of immediate peace. The Boers are apparently rallying with their accustomed ability to repair a temporary reverse, and Great Britain has yet to test their force as a defensive power under the new conditions of warfare.

Dordrecht, Cape Colony, March 4.—Evening.—Gen. Brabant's colonial division after a night's march, attacked the Boers in a strong position at La-Ruschagap Nek, on the road from Dordrecht to Johannesburg. The engagement proceeded with great vigor, the Boers generally retiring before the British shell fire from three positions. A heavy rifle fire was exchanged where the British engaged the Boers on the right flank.

Gen. Brabant's advance by evening was most satisfactory, having reached the strong entrenched positions which they occupied and now hold, the Boers being on the opposite hill. The British will remain to-night in the captured positions, although the Boers brought two guns into action and made determined efforts to retake them. The British losses are six killed and 18 wounded.

London, March 5.—The war office has received the following dispatch from Lord Roberts, dated Osfontein, Sunday, March 4:

"Gen. Cronje, on behalf of his party, and Commandant Wolmarans, on behalf of 4,500 other prisoners who have all now left Modder river, asked the British officers to thank me for the consideration and kindness with which they have been treated."

"Gen. Clements reports that his advanced troops hold Achtertang and that every communication would be opened to Joubert's siding to-day. The enemy is still in force at Norval's Post bridge."

"Gen. Gatacre telegraphs that the number of Boers at Stormberg is daily diminishing."

"Col. Baden-Powell reports that all was well at Mafeking on February 15 and that the enemy's activity was being met everywhere by equal activity on the part of the defenders."

"The position is unchanged at Osfontein, except that frequent heavy showers have materially improved grazing to the benefit of the horses and transport animals."

Leadville, Col., March 5.—Plans are being prepared to increase the plant of the Boston Gold-Copper Smelting Co. from its present capacity of 200 tons per day to one of 1,000 per day, making it one of the largest in the state.

SCORE FOR THE MENU.

He Guessed at the French and Struck Nothing But Eggs and Toothpicks.

Gilroy.—Next time I take a girl to a French restaurant I won't be at all fresh. I don't care a darn whether she believes I talk French in my sleep and take a French newspaper, or whether she thinks I don't know a French word from a Dutch one!

"Last night I thought if I'd go right down the card and pick out something every couple of inches I'd strike it out right. If there's one thing I can't eat it's hot fruit. Well, the first round, we got was soup with a dropped egg in it."

"Well, you didn't have to eat it!"

"The next prize package I drew was a plain omelette. I thought shy of it and said I was waiting for the real solid dishes."

"Yes."

"Well, next I got egg broiled in butter and then egg sandwiches. I couldn't play off forever, and I had to eat 'em."

"Poor old chap!"

"Then I got mad and jumped clear to the last thing on the list for dessert. And what do you think the waiter brought us? Toothpicks!"—N. Y. Press.

"Oh, How Happy I Am."

Writes Mrs. Archie Young, 1917 Oaks Ave., West Superior, Wis.: "That I am once more free from that terrible Neuralgia pain I had been suffering with over five years. I am so thankful, and pleased to say your '3-DROPS' is the best medicine I ever got in my life. I received it last November, used it with away, the first dose helped me. Many a day I thought I would die before my husband returned from his labor. Since I am free from pain, many of my friends are surprised, and say they will send some of the '3-DROPS' to some of their friends who are suffering with the same trouble. I have been cured of 25% of my trouble, containing all the ingredients of a cure. For information write, Swanwick Rheumatic Cure Co., 164 E. Lake St., Chicago, Ill."

No Wonder They Fled.

An authority upon chemistry was lecturing before a well known society last night, illustrating his remarks with experiments. All went well, until he passed a Bunsen burner and then said: "I'm very sorry, but I must ask you to leave the room during this experiment, as the gas is so strong that it will have a powerful effect on the brain and turn it purple."

When the lecture ended, there were three courageous sitters men and fled from the room.—St. Paul Globe.

In the Democratic Senate yesterday Senator Bell introduced a bill to make it a felony for any State officer to forcibly hold possession of office for a longer period than five days after the Legislature of State Contest Board shall have declared another person legally elected.

Election Wager Echo.

THE Woodford county grand jury has indicted sixteen gentlemen who had won money on the election of W. S. Taylor as Governor. It seems that the stakeholders had paid over the money to these gentlemen when Mr. Taylor was installed in office as Governor, but that since Mr. Goebel was declared Governor, the men who lost have clamored for their money, which the gentlemen indicted declined to return. Several of the amounts involved are quite large, one man winning as much as \$900. The aggregate amount is several thousand. It is stated that one of the Circuit Courts in the Bluegrass region, probably that of Clark, has already decided that stakeholders are liable if they pay over money held by them for better or worse with the full consent of both parties to the wager.

but you seldom see the opportunity. Now, I am really going to give you a chance to buy a set of furniture at YOUR OWN PRICE. On Monday, February 12th, I placed on exhibit in my show window a handsome Oak Set of Furniture, the real value of which is \$65. Now, this is what any dealer would ask you for this Set of Furniture, and it is a good value. On Tuesday the price of this suite will be \$64, Wednesday \$63 and \$1 less for each day it remains in the window, and it will remain there until the price goes to one dollar, unless some one buys before then. You can buy any time the price suits you, provided the other fellow don't beat you to it. Of course, you may want too good a thing and wait too long, but, of course, that will be your fault. Eld. Lloyd Darsie Welcomed.

Eld. Lloyd Darsie, the new pastor of the Paris Christian Church, preached two excellent sermons to large audiences Sunday morning and evening and made a most favorable impression on his hearers. At the morning service Eld. J. S. Sweeney introduced his successor in a short address and bespoke a successful pastorate for him.

At the evening service Rev. Dr. Rutherford, of the Second Presbyterian Church, Rev. E. G. B. Mann, of the Methodist Church, and Rev. F. J. Cheek, of the First Presbyterian Church, participated in a union service, welcoming Eld. Darsie. Rev. Cheek began the services with a scripture reading, and Rev. Mann offered a prayer, after which Rev. Dr. Rutherford made a beautiful address, paying a high compliment to Eld. Sweeney, the retiring pastor, and bidding the new pastor welcome. Eld. Darsie then delivered a fine sermon from the subject "What Think Ye of The Christ?"

Eld. Darsie has already made a number of friends, and will no doubt make a most successful pastor. Mrs. Darsie and her four children will arrive to-day or to-morrow to reside in the parsonage which has been greatly improved in the past few weeks.

New Paris Industry.

George W. Stuart, the enterprising coal and commission merchant, yesterday started up his new grass seed cleaning establishment, which is an exceptionally well appointed plant. The machinery was designed and built under the direction of Charles Bishop, the expert machinist, of this city, at a cost of about \$5,000. The plant does excellent work, and has the latest improvements.

This makes five grass seed establishments for Paris, the others being run by C. B. Brent & Bro., E. F. Spears & Sons, R. B. Hutchcraft and J. S. Wilson. With probably a single exception, these are the only grass seed cleaning establishments in the world.

Confederate Generals.

OF the five full Generals of the Confederate Army none survives. There were twenty-one Lieutenant Generals in the Confederate Army from first to last, and of these all were from the United States Army but four, namely, Richard Taylor, who was born in Louisville, Ky.; N. B. Forrest, Wade Hampton and John B. Gordon. Of them the following are living: James Longstreet, Stephen Lee, Early, S. B. Buckner, Joseph Wheeler, and A. P. Stewart, besides two of those not from the old United States Army mentioned above. All of these are expected at the Louisville Reunion May 30-June 3.

Goebel Monument Fund.

Mrs. J. M. Thomas, Mrs. T. E. Moore, Jr., and Mrs. W. L. Davis secured quite a good sum of money yesterday from court day visitors to add to the Goebel Monument Fund. The now have about \$130, not including the money collected by the sub-committees throughout the county. They hope to raise three hundred dollars.

The ladies composing the sub-committee and all other ladies interested, are requested to meet with Mrs. Thomas, Mrs. Davis and Mrs. Moore at two o'clock Saturday afternoon at Mrs. Davis' home.

Two Buggies Collide.

YESTERDAY afternoon while Mr. Hall and his sister, Mrs. Montague, were waiting in front of Frank & Co.'s store, a buggy driven by a stranger, was backed into the Hall buggy taking off two of its wheels. Courtland Lear, who was standing near, grabbed the bridle of the stranger's horse as the animal started to run, and had his head slightly cut by the stranger's buggy falling over against him. The excitement caused by the collision caused Mrs. Montague to have a nervous chill in Frank & Co.'s store shortly afterward.

If you cannot read this small print at a distance of 14 inches your eyesight is failing and should have immediate attention:

Imperial spectacles and eyeglasses have perfect lenses, always perfectly centered and made of purest material, set in frames of the highest elasticity and consequently of greatest durability, united with the utmost lightness and elegance. When both frames and lenses are scientifically fitted by Dr. C. H. Bowen's system they always give satisfaction for they are perfect. Never buy cheap spectacles, nor of men who do not know how to fit them. You will get poorly adjusted spectacles, or poor, imperfect lenses, and are better off without any glasses than with either of these defects. Buy Imperial spectacles of a reliable, skillful dealer, and they will last longer without change and be cheapest in the end.

We have engaged the services of Dr. C. H. Bowen who will visit our store on the second and last Thursdays of each month and invite all to call and have their eyes examined, for which there is no charge. Satisfaction guaranteed or money refunded.

Next visit—Thursday March 8, 1900. Hello, 170.

HUMOROUS.

Master—"It's terrible to have to send you to school!" Page—"Oh! I don't mind, sir; I never listen."—Ally Sloper.

"It must be more discouraging to fight a colored pugilist than a white one." "Why so?" "Because when you give him a black eye you don't know it."—Cleveland Plain Dealer.

Plunk—"That man Fluster has a wonderful command of language." Clunk—"Indeed he has. I dropped into his home yesterday when he was trying to put up a stovepipe."—Ohio State Journal.

A Desperate Case—"Papa," she said, "the count has assured me that he can't live another day without me." "Humph," grunted the old man, "I don't think he was as hard up as all that."—Philadelphia Record.

Circumstances Alter Cases.—"When you married me you said: 'With all my worldly goods I thee endow.' " "Yes," "But I was only married for a week then; I didn't think I was ever going to be foreman."—Ally Sloper.

We were in a bitterly reflective mood to-day. "To marry," we mused, "is to purchase bliss at a dear price." "And you don't get it any cheaper at wholesale, either," put in the sultan of Suva, who had now to be reckoned with.—Puck.

"Here's the clock key, mamma," said four-year-old Tommy. "Will that do?" "Will it do for what, dear?" asked the astonished mother. "To wind yourself up with," replied the little fellow. "I heard you tell the doctor that you were all run down."—N. O. Times-Democrat.

He—"I believe congratulations are in order. Pray accept mine." She—"What for?" He—"I heard you were engaged." She—"Goodness, you're behind the times. I've been married for two months to Mr. Roller." He—"Oh! I beg pardon. How stupid! I'm so sorry!"—Catholic Standard and Times.

GENTLEWOMEN FARMERS

An English Institution Where Women Are Taught the Different Branches of Agriculture.

The Lady Warwick Hostel, at Reading, England, which has just celebrated its anniversary, was established with a view to affording women of culture and education opportunity to fit themselves for the lighter branches of agriculture. Several American women have signified their intention of availing themselves of its instruction. Among the branches taught are poultry and bee keeping, dairy work, gardening and rural industries generally. Two buildings, the Maynard Hostel and Brooke house, for boarding special students have been recently added. Forty-three regular students can be accommodated with tuition and board.

The institution has acres of land under cultivation. Besides this, the warden's garden contains six acres that will be worked as an object lesson to the students, showing what can be done on acre plots of land. A large part of this garden will be devoted to bush fruits, but an acre has been sowed with wheat and a farmyard is to be added. In a large potting shed with a thatched roof, carpenter's benches are included, and the students are taught the fundamental principles of carpentry, in order that they may be able to make frames, poultry houses or do any work of the kind that is required.

A meadow house and greenhouse were added during the year. A rose garden is to be one of the first innovations of the coming season. The propagation of vines, bush fruits, roses and shrubs, building, grafting, summer and winter pruning and all kinds of tree planting receive especial attention. Training is given in raising all kinds of vegetables and seeds and in the thinning and planting of them.

The culture of tomatoes, cucumbers and mushrooms for market is taught, as the culture of mushrooms is particularly profitable. In the dairy branch the pupils are given instruction in milk testing and the making of the various kinds of soft and pressed and unpressed cheeses. Besides these, the feeding, management and milking of cows are taught. Poultry keeping is a successful part of the hostel work. The sale of poultry and eggs has amounted since last April to about \$120, while food and stock for the year have cost only about \$800, and 100 head of poultry are left for sale and egg production.

At present the greater proportion of produce raised is consumed in the hostel, but there is already a private market for anything that can be spared in the way of poultry, eggs, honey and vegetables. By this means experience and training are given in sorting, grading, packing and marketing, and permanent places will be offered later to those who have themselves well qualified to undertake the work. Branches to the manufacture of jams, pickles, fruit bottling and similar industries will be added later.—N. Y. Tribune.

The Parson Who Milked His Cow. A country parson, who was very bright and original in his remarks, attracted the notice of a wealthy lady who was spending the summer in the vicinity. One evening she called at the parsonage just as the old minister, clad in overalls, was coming in from the stable with a brimming pail of milk.

"Why, Mr. Smith!" exclaimed the lady, "do you milk a cow?"

"Certainly, madam," was the reply. "What would you have me milk?"—Judge.

Biggest Skyscraper of Them All. The three champion skyscrapers of the United States are the Syndicate building on Park row, the Masonic Temple in Chicago and the Exchange building in Boston. These are to be superseded by a monster structure to be built in Philadelphia by New York and Philadelphia capitalists, which will outstrip all of them. It will occupy a whole block and be the largest office building in the world.—Chicago Inter Ocean.

Our Increase of Insanity.

Much discussion has been aroused lately by the alarming increase of insanity. Our high rate of living is the cause assigned. In the rush for money, both men and women neglect their bodies until the breakdown comes. The best way to preserve health is by a faithful use of Hostetter's Stomach Bitters. By causing a stomach illness, this remedy prevents nervous breakdown. It is also an excellent medicine for constipation, dyspepsia and biliousness.

Fanny Footnotes.

If a girl can make lovely chocolate caramels a man thinks she can cook. Success is like a chicken; if you get it cooped up, it is well to keep an eye on the coop.

When some women get the blues the family find it out by having to eat dried peach pies.

When the truth is told all our good resolutions last longer than we thought they would.

After a girl has taken three French lessons she can do the French shrug better than her teacher.

It doesn't amount to so much; indifference often presents a fine imitation of the correct aristocratic air.—Indianapolis Journal.

Primitive Emotion.

Marie Rose, aged eight years, was telling Elsie, aged seven, about the making of the world. "And Adam was the first being created," she announced, solemnly, "it was awfully lonely for him, and one day, when he was asleep, the Lord took a rib out of his side and made a woman out of it—so Adam would have a friend to play with him."

"And wasn't Adam spruced?" asked Elsie.

"Surprised? Why he was just tickled to death!" said Marie Rose, ecstatically.—N. Y. Commercial Advertiser.

Map Puzzle Educator.

Is Iowa as large as Maine? Which is the Pan Handle State? What state is bounded by four straight lines? These and many other questions relating to the geography of our own country answered by the map puzzle sent out by the Chicago Great Western Railway. It is a dissected map of the United States printed on heavy cardboard and the puzzle consists in putting the pieces together so as to form a complete map. It will be found interesting and instructive to old people as well as young.

To order send your name and address to: F. H. Lord, G. P. and T. A., Chicago Great Western Railway, Chicago, Ill., mark envelope "Puzzle Department."

The Crowning Sight.

An Atchison man has been henpecked during the greater part of his life by a wife and five daughters. Against his will he has been obliged to take little homeopathic pills when he would have preferred quinine, to attend the Episcopal church when he preferred the Baptist, and recently his women folks compelled him to be vaccinated by a woman doctor.—Atchison Globe.

6,434 Letters a Day.

The John A. Salzer Seed Co., La Crosse, Wis., received 6,434 orders Feb. 26, which is a number day, but they expect to double this number by the middle of March. The firm is having a great trade in its specialties, potatoes, speck, bromus, triticum, rape, etc. Four Oats, Three Ear of Corn and earliest vegetables. There is a wonderful demand for onions, cabbage, peas and bean seed this year. Early bird radish and lightning cabbage, the earliest of this kind in the wide world, are having a tremendous sale. The firm above mentioned is a large advertiser and use weekly newspapers that tell the story.

Not So Sure.

At a dinner in Nottingham lately, a royal academician stated to the company the curious fact that sugar and sun are the only two words in English where su is pronounced shu. There was much interest shown in this discovery, when Raymond Kipling was heard from the other end of the table: "But, are you quite sure?"—Chicago Chronicle.

The International & Great Northern railway is sending out a map of Texas, Mexico and surrounding territory that is an excellent production of the map engraver's art, both artistically and geographically. The map is made on an unusually large scale, and is as near perfect as to details as it is possible to make it. Mr. D. J. Hines, general agent and ticket agent of the system, at Palestine, Texas, is sending copies of this map to anyone who asks for it and encloses seven cents in stamps to pay postage.

POSTED ON FINANCE.

At Least That Was the Impression She Gave Her Sister Club Members.

"It is simply impossible to keep posted on everything," said a club woman to a daughter of the American Revolution.

"Yes, indeed, it is," admitted the D. A. R. "But sometimes, if you are not quite posted, you can wriggle out of a difficult situation without seeming so very ignorant. For example, I was just saved by my presence of mind at a D. A. R. meeting the other day. Prof. Sparks, of the university, you know, read a lovely paper on 'Governor Morris, Financier of the American Revolution.'"

"Who is this Governor Morris?" said a friend of mine from the Fortnightly club. "Seems to me I never heard of him."

"There were half a dozen women around, and I was frightfully embarrassed. I never had heard of Governor Morris, either, but you know, a D. A. R. is supposed to know all those things."

"O, don't you remember?" I said. "Morris was the man who financed the government and borrowed a lot of money to do it."

"Thank you," said my friend from the Fortnightly club.

"Now, the fact is, you know, dear," continued the D. A. R., "I really knew nothing of it whatever, except that Prof. Sparks subject said that the man had financed the government, and I knew if he did that he must have had to borrow a lot of money."

"Could Change His Mind. Prof. Henderson is well known in Pittsburgh as a man of affable temper, and it is rare that he shows even impatience. One day while traveling on an suburban trolley car to call on a friend, he asked the conductor to transfer him to the city street cars at a certain point. Soon afterward the car stopped and he was surprised to see outside the very friend he was seeking. He started to leave the car, when the conductor accosted him. 'You can't change for your car here,' he said, brusquely. 'Can't change cars here, I tell you,' snapped the conductor again. The professor, deep in conversation with his friend, merely waved his hand to signify that the car might go on without him. 'Here,' cried the man in brass buttons, angrily, 'don't I tell you that you can't change cars at this place?'"

Then the good old professor answered with severity: "But I can change my mind at this station, can't I?"—Golden Days.

Took Him Down.

A former commodore-captain of a famous trans-Atlantic line, while friendly and polite to his passengers when below, answered very much the reverse if approached when on duty. As he happened to be on deck one fine afternoon, a lady, quite unaware of this peculiarity, accosted him with some trifling query as to the probable duration of the favorable weather. Was he surprised and indignant to get curtly answered: "Don't know, ma'am—don't know. Better go and ask the cook."

The lady, though taken somewhat aback, was quite equal to the occasion, and rejoined: "O, I beg a thousand pardons. Excuse me, pray, I thought I was addressing the cook!"—Collier's Weekly.

Was It Suicide?

Brakeman—The trainboy dropped dead in the baggage car a few minutes ago.

Conductor—Poor fellow! Heart trouble, I suppose.

"I don't think so. He had one of his own cigars in his mouth at the time,"—Chicago Evening News.

Hopeless Bachelor.

"What did Mr. Cummings say to you last night, Clara, when he was trying to button your glove?"

"Why, he said any man who made gloves that wouldn't button easier than mine ought to give up the business."

A NOTED JUDGE SAVED BY PERUNA.

Had Catarrh Nine Years—All Doctors Failed.

HON. GEO. KERSTEN, OF CHICAGO.

Hon. Geo. Kersten, a well-known Justice of the Peace, of Chicago, says:

"I was afflicted with catarrh for nine years. My catarrh was located chiefly in my head. I tried many remedies without avail. I applied to several doctors, but they were not able to cure me. I learned of the remedy, Peruna, through the daily newspapers. After taking the remedy for 18 weeks I was entirely cured. I consider my cure permanent, as it has been two and a half years since I was cured."

Any man who wishes perfect health must be entirely free from catarrh. Catarrh is well-nigh universal; almost omnipresent. Peruna is the only absolute safeguard known. A cold is the beginning of catarrh. To prevent colds, to cure colds, is to cheat catarrh out of its victims. Peruna not only cures catarrh, but prevents it.

All families should provide themselves with a copy of Dr. Hartman's free book entitled "Winter Catarrh." This book consists of seven lectures on catarrh and la grippe delivered at The Hartman Sanitarium. It contains the latest information on the treatment of catarrhal diseases. Address Dr. Hartman, Columbus, Ohio.

Fine Figure

Many women lose their girlish forms after they become mothers. This is due to neglect. The pure can be preserved beyond question if the expectant mother will constantly use

Mother's Friend

during the whole period of pregnancy. The earlier its use is begun, the more perfectly will the shape be preserved.

Mother's Friend not only softens and relaxes the muscles

during the great strain before birth, but helps the skin to contract naturally afterward. It keeps unsightly wrinkles away, and the muscles underneath retain their pliability.

Mother's Friend is that famous external liniment which banishes morning sickness and nervousness during pregnancy; shortens labor and makes it nearly painless; builds up the patient's constitutional strength, so that emerges from the ordeal without danger.

The little one, too, shows the effects of Mother's Friend by its robustness and vigor.

Sold at drug stores for \$1 a bottle.

Question Answered.

Yes August Flower still has the largest sale of any medicine in the civilized world. Your mothers, and grandmothers, never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendix, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and had with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Sold by dealers in all civilized countries. oct-27-ly

Needed In His Business.

"I've decided," said the dignified old man, "to let you have that young Brittle after all if you are positive that you can't be happy without him."

"Oh, father," the beautiful girl cried, "you don't know how happy you have made me! Now I can see the gates of paradise opening. Dear, dear, good, old papa! Let me kiss you for those sweet words! Oh, I can hardly wait to fly to him and tell him the glorious news. He will be so glad! We shall all be so happy now. It seems almost like a lovely dream! I can hardly believe that I am awake! But, tell me, what has made you change your mind? Yesterday when I tried to plead for him you said you would never permit us to see each other again. Ah, if you had known how those words bruised my heart! What has happened, father, to make you relent?"

He kissed her fondly and then, with tears in his eyes, replied: "I sat in a little game of poker where he happened to have a hand last night, and if we don't get that money back in the family some way my business is going to suffer."—Chicago Times-Herald.

Afraid to Bid.

At an auction sale of miscellaneous goods at a country store the auctioneer put up a buggy robe of fairly good quality. An old farmer inspected it closely, seemed to think there was a bargain in it, and yet he hesitated to bid.

"Think it cheap?" asked the auctioneer, crying a 10 cent bid.

"Yes, kinder," was the reply.

"Then why don't you bid and get it?"

"Waal, I've bought heaps o' things in dry goods and so on," slowly rejoined the old man, "and I never yet took home anything that the old woman thought was worth the price. If I get that 'ere robe for even 15 cents, she'd grab it up, pull at one end, claw on a corner and call out: 'Cheated again! More'n half cotton!' That's the reason I dasn't bid."—Ohio State Journal.

An Insinuation.

"I simply had to do it," said Mr. Erastus Pinky in an apologetic tone. "I had to draw my razor so's to hold up my character."

"Did he slander you behind your back?"

"No, sub; 'twas to my face. He axed me what business I was in, an I says, 'Raisin chickens.' Den he looked at me solemn an says, 'You doesn't mean 'raisin,' you means 'liftin.''"—Washington Star.
